

Good Morning and Welcome to

Sports Week!

This week, we're celebrating National Sports Week.

(Yes, we're a little late but never mind!)

This week, after you've finished your Morning Work and your Maths, we want you to choose a **SPORT that interests you!** Whatever you want! It could be a **SPORT** that you already love doing, or a sport that you've always wanted to do. A team sport, an individual sport, something well known or something we may never have heard of! Just like last week, we will give you the lessons, but you will decide which **SPORT** they will be about!

So, choose something which will **motivate and inspire your learning** for the week!
Just ONE SPORT please, rather than lots of different ones.

To begin, we want you to start by creating a Mind Map all about your chosen SPORT. We used one last week, so you should know what to do now.

1. First write the name of your sport in the middle of your page (or use one of the printable sheets if you'd prefer).
2. Write down as many key facts as you can. Space them out around the heading.
3. Don't forget- at school, we try to group and organise our ideas if we can, so you can use sub-headings if you wish.
4. Now go back and expand your initial thoughts, adding more details and ideas if you can.
5. Don't forget to check your spellings and make sure that any proper nouns (names of people and places) begin with a capital letter!
6. If you want to, make your mind map even better by adding some illustrations too.
