## Maths: Times table fun!

This week we are having a push on learning all of the times tables in preparation for the Statuatory Government Assessment during the summer term. Every day we would like the children to do some form of practice to learn them. Remember all children should be able to recall all the times tables up to 12 x 12 within 6 seconds. Please do as many of the activities below. Parents must sign the grid to show what activities the children have completed.
