

## Year 4 Homework, Autumn Term 1 Week 1- Support

### Maths

Join the number bonds to 10

4	9
8	7
5	6
1	5
3	10
0	2
7	3

Chant numbers 1 -30

Write the numbers 1-30

### Reading:

Remember you must read every day for 15 minutes. This can be reading a book or practising your phonic or digraphs. If you have a Lexia log-in, this can also count towards your daily read- just record it in your Home-Link book☺

### Spellings

day  
play  
crayon  
away  
bay  
clay  
pray  
stray  
spray

### English Challenge

None set this week

### Letter and Number Formation

il li ij li

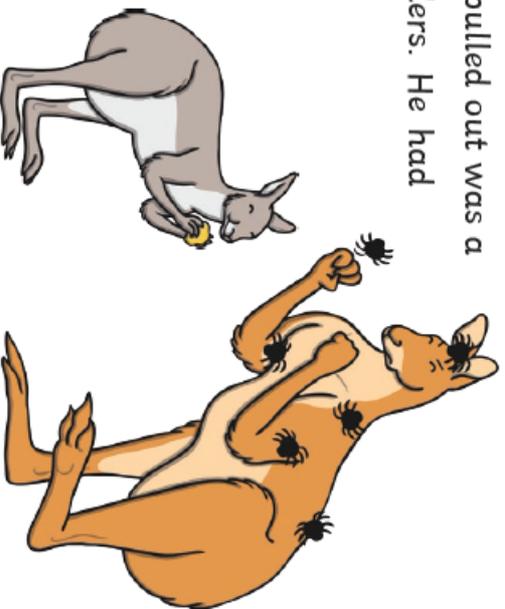

On a lined page of your homework book, write out each pair of letters 3 times.

Please remember: All homework is marked in class with the children and will not have written feedback on it.

Homework is due in on the following Friday

## How the Kangaroos Got Their Tails

- 11 A long, long time ago, two kangaroos lived in the country  
20 now known as Australia. The large, brown kangaroo was  
30 from the plains and the smaller, grey kangaroo was from  
41 the hills. One day, the grey kangaroo really wanted to eat  
53 some wild bush honey, so he followed a swarm of bees to  
65 their hive in the hole of a rock. The grey kangaroo reached  
76 inside and pulled out a handful of gooey honey. It was  
85 delicious and now the big, brown kangaroo also wanted  
95 some for himself. The grey kangaroo told him to reach  
108 his arm right into the back of the hole to get the tastiest  
113 honey. The brown kangaroo did  
121 this but all he pulled out was a  
126 handful of spiders. He had  
128 been tricked!

## Quick Questions

1. How do you think the grey kangaroo was feeling when he followed the bees?
- 
- 

2. Which was the largest kangaroo?
- 
- 

3. Find and copy the word that means the same as the adjective 'sticky'.
- 
- 

4. Number these facts from 1 to 3 to show the order they appear in the text.

- The brown kangaroo pulled out a handful of spiders.
- The grey kangaroo followed the bees.
- The grey kangaroo ate some wild bush honey.
