

# Herne Junior School Accessibility Plan 2020 - 2023

## Introductory Statement

This Accessibility Plan has been drawn up to cover the period from January 2020 to January 2023. If alternative format is required please let us know.

The plan takes account of the school's public sector equality duty as set out in the Equality Act 2010 which replaced the Disability and Discrimination Act 1995. Plus the SEND and Disability Act 2014.

Herne Junior School are committed to providing an environment which values and includes all pupils, staff, parents and visitors regardless of their educational, physical, sensory, social, spiritual, emotional, gender identity and cultural needs.

We are further committed to challenging attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion. The purpose of this plan shows how Herne Junior School intends, over time, to increase the accessibility of our school for disabled pupils, staff, parents/carers and visitors.

## Definition of Disability

Disability is defined by the Disability Discrimination Act 1995 (DDA):

"A person has a disability if he or she has a physical or mental impairment that has a substantial and long-term adverse effect on his or her ability to carry out normal day to day activities."

## Key Objective

At Herne Junior School we aim to reduce and eliminate barriers, to promote access to the curriculum and to ensure full participation in the school community for pupils and prospective pupils with a disability.

## Principles

- Compliance with the DDA is consistent with the school's equalities policy, and the operation of the school's SEND policy;
- The school recognises its duty under the DDA (as amended by the SENDA):
  - not to discriminate against disabled pupils in their admissions and exclusions, and provision of education and associated services
  - not to treat disabled pupils less favourably
  - to take reasonable steps to avoid putting disabled pupils at a substantial disadvantage
  - to publish an Accessibility Plan.
- In performing their duties, governors and staff will have regard to the Disability Rights Commission (DRC) Code of Practice
- The school recognises and values parents' knowledge of their child's disability and its effect on his/her ability to carry out everyday activities, and respects the parents' and child's right to confidentiality;
- The school provides all pupils with a broad and balanced curriculum, differentiated and adjusted to meet the needs of individual pupils and their preferred learning styles; and endorses the key principles in the National Curriculum framework which underpin the development of a more inclusive curriculum:
  - setting suitable learning challenges
  - responding to pupils' diverse learning needs
  - overcoming potential barriers to learning and assessment for individuals and groups of pupils

## **Activity**

### **Education & related activities**

The school will...

- continue to seek and follow the advice of the Local Authority (LA) services, such as specialist teacher advisers and SEN inspectors/advisers, and of appropriate health professionals from the local NHS Trusts.
- ensure that teachers and teaching assistants have the necessary training to teach and support disabled pupils
- ensure classrooms are optimally organised for disabled pupils
- lessons provide opportunities for all pupils to achieve and are responsive to pupil diversity
- lessons involve work to be done by individuals, pairs, groups and the whole class
- all pupils are encouraged to take part in music, drama and physical activities
- staff recognise and allow for the mental effort expended by some disabled pupils, for example using lip-reading
- staff recognise and allow for the additional time required by some disabled pupils to use equipment in practical work
- staff provide alternative ways of giving access to experience or understanding for disabled pupils who cannot engage in particular activities, for example some forms of exercise in physical education
- provide access to computer technology appropriate for students with disabilities
- school visits, including overseas visits, are made as accessible as possible to all pupils irrespective of attainment or impairment
- there are high expectations of all pupils
- staff seek to remove all barriers to learning and participation

### **Physical Environment**

The school will...

- take account of the needs of pupils and visitors with physical difficulties and sensory impairments when planning and undertaking future improvements and refurbishments of the site and premises, such as improved access, lighting, acoustic treatment and colour schemes and more accessible facilities and fittings.
- allow access for all pupils in the following areas - academic, sporting, play, social facilities, classrooms, the hall, library and outdoor sporting facilities and playgrounds
- allow pupils who use wheelchairs to move around the school without experiencing barriers to access such as those caused by doorways, steps and stairs and toilet facilities.
- ensure pathways of travel around the school site and parking arrangements are safe; routes are logical and well-signed
- ensure emergency and evacuation systems are set up to inform ALL pupils, including pupils with SEN and disabilities
- ensure all outdoor areas are well lit
- ensure steps taken to reduce background noise for hearing impaired pupils
- make visitors aware that we have a portable Hearing Loop available if needed (one is permanently positioned at the front desk in the foyer).
- ensure furniture and equipment is selected, adjusted and located appropriately

### **Provision of Information**

The school will...

- make itself aware of local services, including those provided through the LA, for providing information in alternative formats when required or requested.

### **Welcoming and preparing for disabled pupils**

Where it is practicable to make reasonable adjustments to enable a prospective pupil to take up a place at the school and to satisfy the current admissions criteria, the school is committed to providing those reasonable adjustments.

In order to meet the needs of disabled pupils, the school requires full information. The school will ask prospective pupils to disclose whether they have received any learning support, have had an Educational Psychologist's report, an Occupational Therapy or Physiotherapy report or have any disability or other condition of which the school should be aware. Where a pupil has a statement

(Education Health Care Plan) of Special Educational Needs, the school will work with the Local Authority (LA) who makes and maintains the statement to ensure that the identified provision is delivered in an appropriate manner.

In assessing the pupil or prospective pupil, the school may need to take advice and require assessments as appropriate. The school will be sensitive to any issues of confidentiality.

This Accessibility Plan should be read in conjunction with the following policies, strategies and documents:

- School Prospectus
- School Equalities Policy
- Employment Equalities Policy
- Health and Safety Policy
- Special Educational Needs policy
- Child Protection policy
- Good Behaviour Policy
- Safeguarding Policy

The Accessibility Plan and associated targets will be regularly monitored in order to assess the progress being made against the targets set.
